SMALL PROSPECT FOR A COMPROMISE IN WATER DEAL.

TEST WELLS SHOW GOOD

Success in Three Already Sunk and Fourth Well Started Saturday Morning.

A conference is being held this afternoon in Manager Roseberry's office between the members of the board of public works and President C. F. Street of the water company. Mr. Street arrived in the city Saturday noon and left on the evening Burlington train.

The conference was held for the purpose of seeing if both sides could get together on a compromise price for the water plant, as the board of public works think that the price now asked by the company is too high.

At press time this afternoon, they were still in conference and no agreement had been made.

The indications at present seem that there will be plenty of well water for the city on the Beal land which the city has an option on and where they have been digging wells. The third well was started Friday and was drilled to a depth of 36 feet, striking six feet of clear sand and gravel. The water immediately rose 12 feet and in a very short time was nearly up to the top of the well.

By striking the sand and gravel at a depth of thirty feet is a good indication that there is plenty of water near there. A fourth well was started nearby Saturday, to see to how great an extent the sand and gravel bed covered, and if this bed is struck, it looks encouraging for the city to get their water supply from these wells.

The board of public works which has charge of the work intends to make a complete test to find out if it is possible to supply the city with well water.

WILL HELP BUILD SILOS.

Missouri College of Agriculture to Lend Help to Farmers.

The College of Agriculture of the University of Missouri has perfected plans to help farmers build concrete silos. The chief difficulty which confronts the individual farmer who wants to build a concrete silo is the expense of the "forms" used in the construction. If several farmers join in making the forms it is less expensive. It costs still less to rent the forms. The College of Agriculture has made a limited number of these forms for building concrete silos and will rent them to farmers under the following conditions:

At least three farmers in a community must apply at one time.

The rental charge will be ten dollars each when there are three farmers, nine dollars each for five farmers, and eight dollars each when six or more silos are constructed in one community. The rental must be paid in advance.

The College will send a man free to help start the construction of the first silo, and will pay the freight on the forms.

If a group of farmers desire to construct their own forms, plans and specifications will be furnished under certain conditions. Under the latter plan the college will send a man when possible to help start the building of the first silo, provided his expenses are paid by the farmers.

Full information regarding this plan of co-operative silo building may be had by writing to the University of Missouri, Dairy Department, Columbia, Mo.

Miss Lindholm went to her home at Ottawa, Ill., and Miss Thompson to her home at Algona, Ia.

ASPLENDID ADDRESS

DR. HUDSON'S TALK ON "AMERICAN IDEALS" FRIDAY NIGHT

TO GRADUATING CLASS

Diplomas Given Senior Class After Evening of Music and the Most Inspiring Lecture of Years.

The high school commencement exercises were attended by a magnificent audience at the First M. E. Church Friday night, and the appearance of the class, "fifteen strong," was greeted by enthusiastic applause. The graduates looked fine in their gray caps and gowns, and the speaker of the evening, Dr. J. W. Hudson of the Missouri State University, wore his black cap and gown, and it was indeed a dignified looking company that was seated upon the platform, and the sight had the effect of making the audience feel like sitting up and looking wise, for it was the first time Maryville had seen one of her graduating classes looking like that.

Miss Lucile Airy played the class march which she followed with a piano solo.

Miss Marie Jones then sang in a beautiful way, Marshall's "I Hear You Calling Me."

Superintendent C. A. Hawkins introduced the speaker, Dr. Hudson who gave as his subject, "American Ideals."

After the address Mrs. F. P. Robinson and Miss Lillian Lindholm sang a duet, "See the Pale Moon," by F. Chapman. Their voices blended beautifully and it is just to say it was one of the most satisfactory vocal duets that have been heard here in a long time, as the applause attested.

Dr. Hudson said:

"Every country in the world expresses its ideals through its national life, which is the sum of its individual life. Every man's ideal and every woman's ideal in life are made plain by their deeds. No man can fail to see that American ideals are the greatest of any country in the world and that American life is the greatest to be desired. This is true because the individual American life is free and each man lives as he feels and thinks so long as his living and thinking does not interfere with the highest rights of others."

"Yet our ideals are constantly changing because we are seeking to be better and better all the time. The great political discussions going on at the present time shows that the people are becoming more and more conscious of their best selves and they are seeking to bring about those things that will redound to the highest good of all the people. The upheaval is only just begun, the speaker thinks but he has faith to believe that all things are working together for the complete good of the entire country."

Dr. Hudson presented the diplomas to the class. "You are fifteen strong," he said, and the world had fifteen decisive battles. May each of your lives prove a decisive battle for good."

The speaker left these words of John Ruskin with the class:

"Where the search for Truth begins, there life begins. When the search for Truth ceases, there life ends."

BROKE HIS ARM.

Donald Robey Sustained Injury While Cranking an Auto Out in the Country.

Donald Robey, son of Mayor Arthur S. Robey, sustained a broken arm while cranking an automobile out northwest of town Friday afternoon. The machine had been rewired and was kicking, which was not known by Mr. Robey. Word was at once sent to Maryville and Mr. Robey drove the machine with one hand until he met Dr. Will Wallis, Jr., in his car, who brought him into town and set his arm. It was his right arm.

After the exercises, a track meet was held on the west side of the courthouse square, many taking part. The meet consisted of running, jumping, throwing balls, driving contest, and a sack race. The referee was Prof. V. L. Moore; the starter Frank Miller; the judges, Homer Neff and Samuel Chambers; and the announcer, Prof. H. P. Swinhart.

ANNOUNCES CANDIDACY.

George Pat Wright a Candidate—Has Had a Brilliant Administration.

George Pat Wright today announces his candidacy for re-election to the office of prosecuting attorney. His present administration has been a decided success. The costs incurred to the county have been the minimum, while the number of convictions has

GEORGE PAT WRIGHT

reached the maximum. His administration has been a busy one, more cases having been tried in circuit court than in any term of that office in — yet a conviction has been secured in all but one case. Honesty in practice, integrity of purpose and absolute fairness both to the party charged and to society has characterized the work of the office. A judicious analysis of complaints made and a wise and careful institution of proceedings thereon is the cornerstone of criminal prosecutions. The almost universal conviction in the cases filed, show that Mr. Wright has been both judicious and wise in the disposition of complaints. More penitentiary sentences have been imposed during the portion of his term now expired than in any term of the office in years. In addition to his own time, energy and ability he has furnished the county, without one cent of cost to the taxpayers, the assistance, advice and counsel of one of the ablest and most popular attorneys at the bar, Mr. Marshall E. Ford. This is certainly commendable to Mr. Wright and a strong

charitability the Pierces. A number of friends of Mr. and Mrs. W. C. Pierce who returned Friday noon from a trip along the Pacific coast and in various points in the west, gave them an old-fashioned charivari. Mr. Pierce had told a number of his friends when he left on his trip that although that he had been married for twenty-three years, this was his wedding trip as he and Mrs. Pierce had not had time before to go off on their honeymoon, so when they returned Friday, it was quietly arranged among their friends to welcome them home as is the way these days of new brides and grooms. The surprise was complete and Mr. Pierce was visibly surprised that Charles Martin, one of the guests, was moved to pity and told him that he had intended to

reason why he should be retained in that office, especially so, when every other office in the court house is a four year office while his is only a two year office. No reason can be assigned why that office should not be held for a period of four years by one who has made good.

The work of that office during Mr. Wright's administration has perhaps been more than doubled by reason of the Rasco case, which was tried both here and in the supreme court by Mr. Wright and his able assistant, Mr. Ford. Although the crime was committed a few weeks before his installation into office, Mr. Wright, realizing that the responsibility of the tremendous issues would devolve upon him, took immediate charge of the case, collected the evidence and in company with Deputy Sheriff George L. Evans procured from defendant's room articles of clothing which he insisted must be analyzed by a specialist. He was present at the preliminary hearing which was waived by defendant and assisted in the drafting of the informations that were filed. Realizing the importance of preventing a change of venue from the county, he canvassed the county collecting evidence and on the trial of that issue examined most of the state's witnesses developing the point on which the supreme court sustained Judge Ellison's refusal to grant the change of venue. He had personal charge of the trial and made the opening statement to the jury, of three hours and the closing argument covering more than four hours. No step was taken that he did not pass upon and no legal position advanced that he did not approve. When the verdict was rendered his official duties were ended, yet, with no other compensation than to serve the interests of society, he and Mr. Ford followed the case to the supreme court, spent weeks in preparing an abstract of the record and a brief of the case which were filed in the supreme court and on which the attorney general relied to sustain the case. When the case was tried in the supreme court on January 2nd, 1912, Mr. Wright, at his own expense, went to Jefferson City and argued the case on behalf of the state, the attorney general surrendering his time to Mr. Wright. The result is known to everyone.

One other thing should be mentioned concerning Mr. Wright's administration. For the first time in years Maryville is practically, if not entirely free from gambling. Since his installation in office this vice has been removed. Many persons, sustaining reputation as gamblers, who operated here for years are now enjoying the climate of distant states, while many have been convicted.

Mr. Wright will make a formidable candidate, and, if elected will give the county another judicious, honest and conscientious administration.

The Blues Win Championship.

The Tigers and Blues, not content with their contests in basketball during the winter have extended their rivalry to base ball. Two contests have preceded this one, in which each team won once, the first game going to the Blues by a 14 to 3 score, the second to the Tigers by an 11 to 5 count. It was agreed that one more contest was to settle the baseball championship of the high school between the two teams and the Blues won this last struggle by a 17 to 9 score. This was no more than fair since the Tigers carried off the basketball championship of the school. Yesterday's game was hard fought throughout and was considered a fair test of the abilities of the two teams. A feature of the game was the clouting of the ball by Leach, the second base man of the Blues, who got six hits out of seven times at the bat. The line-up of the game was as follows. The Blues: Miller, c.; Condon, p.; Willson, ss.; Murray, 1b.; Leech, 2b.; Lash, 3b.; Pickens, lf.; Sawyers, cf.; Garten, rf. The Tigers: Thompson, c.; David, p.; Scott, ss.; Miller, 1b.; Campbell, 2b.; Grawney, 3b.; Booth, lf.; Ford, cf.; Montgomery, rf. Score: 17 to 9.

The Summer Session of the State Normal Training School will open Monday June 3, 1912 and continue six weeks, closing Friday, July 12. The excellent advantages and equipment of the school will be available for the instruction of the children who enroll. Applications for enrollment should be made not later than May 29th. File applications with Miss Mary M. Hughes, Supervising Principal.

tell him about it that afternoon but he was so busy putting "de rosom on de string" that he didn't have time. Rev. W. J. Parvin made a nice little speech for the benefit of Mr. and Mrs. Pierce, and in response to the wishes of the company, he delivered the rites that bound them for forty more years of life together. After Rev. Parvin's speech, Judge W. C. Ellison felt moved to speak and suggested that since the minister was present and several seriously inclined couples were also present, that it would be proper and agreeable if several more wedding ceremonies would be solemnized at that hour, but as his suggestion was "so sudden" it is presumed that is the reason why no one responded. The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cotherum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief."

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited. I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old. Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength.

Have you tried it? If not, please do. It may be just what you need.

Memorial Day Flowers

The beautiful custom of honoring those who laid down their lives in sacrifice to the principles for which they fought, and showing a tribute to our loved ones who have died, by covering their graves with flowers at least once a year is one of the most inspiring and poetic breaks in the busy life of our country and it is a credit that Memorial Day is observed with increasing interest each year. The proper observance of Memorial Day requires the right kind of flowers, such flowers as we have in profusion, loose or in appropriate Memorial Designs, etc. Each year we offer a better quality of flowers and our Memorial Day flowers are no exception.

Our prices are very reasonable. Mail and phone orders receive prompt attention.

Broke Each Appointment. It has been persistently rumored for several weeks that appointments have been made for Darrow to tell his story to District Attorney Fredericks, and that the confession might be in the prosecutor's hands any day. Each appointment, it is understood, has been broken, because Darrow would not accede to the state's terms.

In explanation of this dickering it might be recalled that the surrender of the McNamaras proved a disappointment to the prosecution. The McNamaras were let off with light sentences with the understanding that the prisoners would assist the state in return for this leniency. To the chagrin of the authorities the McNamaras shut up like clams the moment their lives were shielded by the court's decree.

Proprietor of Building Destroyed by Dynamite Declares Overtures Have Been Made to District Attorney.

Los Angeles, Cal., May 25.—Negotiations for Darrow to enter a plea of guilty and escape a penitentiary sentence on the charge of bribing a juror in the McNamara trial have been under way for some time. The trial of the famous labor lawyer is likely on any day to be terminated as abruptly and sensational as was that of his clients, J. J. and J. B. McNamara, dynamiters of the Los Angeles Times plant, who pleaded guilty and are now in prison.

Momentous consequences hang on Darrow's decision whether to continue the legal battle or surrender. The state is willing to grant Darrow immunity from prison sentence, but only on condition that he divulge everything he knows of the acts of himself and his clients.

Something Startling Expected.

It became known to a limited number of persons only a short time ago that Darrow was engaged in the preparation of his confession—a document that will, if ever given to the public, roll anew all the sediment of controversy that has been slowly settling from the shock of the McNamaras' pleas of guilty. For Darrow's plea would be a moral plea in abatement, a defense, a condonation of the tactics which the state is prepared to prove were used by Darrow in his vain efforts to clear the men who resorted to violence and murder in behalf of labor.

TOOK "JOY RIDE" WITH CONVICT

Arizona People Think Miss Kate Barnard Overdid Prison "Inquiry" at Florence.

Oklahoma City, May 25.—Reports received by state officials tell of severe criticisms in Arizona against Miss Kate Barnard, state commissioner of charities and corrections of Oklahoma, because she has spent about 30 days in the state prison at Florence, Ariz., making a study of prison conditions, said to be at the expense of the state, and because she went riding recently with a life term prisoner named Tyinge. That Miss Barnard and the prisoner took a "joy ride" and ate ice cream together is the cause of indignation in that state.

Miss Barnard recently appeared before the Arizona legislature in behalf of measures for prison reform and relating to child labor. Her suggestions were not well received by some of the newspapers, one of which demanded that she return to her own state.

Miss Barnard has been absent from her office for a year.

Wyoming Prisoner Sprung Trap by Pulling Plug From Pail of Water.

Rawlings, Wyo., May 25.—Springing his own death trap, Joseph S. Engle paid the penalty for the murder of William Lloyd at the state prison here. His neck was not broken by the fall. It was nine minutes and 45 seconds before life was pronounced extinct. Engle went to the gallows with a smile on his lips as the black cap was drawn over his head. He stepped quickly up on the trap and released a plug from a bucket filled with water which, emptying, released the weight which threw the trap. The crime for which he paid the penalty was the result of a saloon row at Evanston.

BRAZIL BACKS COFFEE TRUST

Attempt to Seize Stored Supply May Mean International Dispute.

RIGHTS OF U. S. IN QUESTION

Joseph Choate Fears Work of Diplomatic Corps for Past Fifty Years
May be Undone by Suit.

New York, May 25.—Questions of international magnitude came to the fore when the government proceeded with its newest move under the Sherman law, to break up the Brazilian coffee trust. The issue mainly resolved itself into the right of the United States to seize and sell \$10,000,000 worth of coffee, the property of a foreign state, because of an alleged illegal combine in control of the coffee market.

The coffee has been held up under temporary injunction against the New York Dock company, Herman Stielcken and others as parties to the conspiracy. The proceedings were arguments for and against making that injunction permanent.

A Judge Objects.

The solicitor general, Frederick W. Lehmann, who came from Washington to move for the permanent injunction, and United States District Attorney Henry A. Wise led the government's case. Joseph H. Choate made the principal argument on behalf of the defendants.

Judge LaCombe, in reply to a suggestion by Solicitor General Lehmann that appointment of a receiver to “break up the combine against lawful trade” was justified, said the proper way of procedure would be to compel the “unlawful combine” to take the coffee back, not to seize it and sell it here.

“I disagree with you,” Lehmann answered. When the government of Sao Paulo (a Brazilian state) bought coffee and brought it here it became a coffee merchant and subject to our laws here.”

Choate Urges Diplomacy.

Joseph H. Choate took up the argument on behalf of the defendants.

“This Sao Paulo scheme was not intended as a combine to raise the price of coffee, but to protect its cultivation and its sale. They sold all that the trade was willing to take and there is no evidence that the trade was willing to take more.

“There is every ground for a diplomatic quarrel. If there is anything to be done it is against the government to which this coffee belongs. It is the duty of the government to put a stop to it. It has been the policy of this country to retain friendly relations with our South American republics. This judicial power might undo all that the diplomatic corps has succeeded in doing towards this friendliness in the last fifty years. Every ground of international law, every ground of national policy, demands this motion to be denied.”

The motion was submitted on the oral arguments.

Brazil Objects.

Washington, D. C., May 25.—Brazil, through its ambassador here, has indicated to the state department that it will regard the prosecution of the coffee trust as an unfriendly act against which it will enter the most vigorous protest.

WIND DAMAGES KANSAS TOWNS

Hurricane Strikes Ottawa, Wichita and Osage City.

ELECTRIC PLANT IS DISABLED

Heavy Property Damage is reported and Several People Injured—Wichita Phones Burned Out.

Ottawa, Kan., May 25.—One thousand trees were uprooted, several residences damaged, many barns demolished and two men are known to have been hurt badly by a hurricane that blew through Ottawa for 20 minutes at 2:20 o'clock in the afternoon. Nearly two inches of rain fell during the storm.

While running from his barn, five miles east of Ottawa, L. H. Perkins was struck by flying timbers as the barn building went to pieces. Mr. Perkins was fleeing to a dugout. His young son made the place of refuge in time. The father was 150 feet from the barn when struck down. Several ribs were broken and he was injured internally. His residence was ruined.

James Keaser, in the same neighborhood, ran to his barn for safety when he saw the storm coming. He reached the door as the wind hit it full force. The door slammed against him, hitting his head. It is believed he will recover.

Killed Stock in Country.

Southwest of Ottawa the villages of Homewood, Ransonville and Williamsburg report heavy damage to farm buildings, mostly barns, silos and windmills. Some stock was killed in barns. Only one telephone wire is working.

In Ottawa window lights in the stores were blown in and roofs damaged. The wire fence factory roof was blown away. The electric light and power plant was put out of commission for four hours because of crossed wires.

Hall Did Much Damage.

Wichita, Kan., May 25.—A severe hall, electric and rainstorm visited this section of the Arkansas river valley.

Lightning burned out many telephones, shocked several persons and killed one horse. Tornadoes are believed to have swept the country south and east of Wichita. Wires are down.

More than an inch of rain fell in Wichita in several driving showers, with a hail storm, that did considerable damage to greenhouses, truck farms and skylights. One barn was struck by lightning and burned.

At Osage City store fronts were broken in, windows shattered, stores flooded, many chimneys blown over and roofs damaged or carried away entirely. At Lyndon and in the country nearby, great damage was done.

Another Trust Case Fizzles.

Cleveland, O., May 25.—A verdict of not guilty was returned in the federal court for the eight wall paper manufacturers and jobbers who were tried for alleged violation of the Sherman law in conspiring in restraint of trade in the conduct of their business.

BUDAPEST RIOTS CONTINUE

MOB IGNORED LEADERS' ORDERS TO RESUME WORK.

Seventy-Three Wounded and Many Killed in Clash With Troops on Streets of City.

Budapest, May 25.—Fierce fighting broke out again in the streets. The strikers fought the police, who were aided by a large force of troops.

A big mob disobeyed their leaders' orders to return to work and again began wrecking tactics, overturning street cars and breaking display windows of stores on the principal streets.

They next made a fierce attack on the Calvary church, afterwards proceeding to Neuschloss, where they set fire to a factory, feeding the flames with petroleum. The rioters beat off the firemen.

Troops were ordered out and that was the signal for several volleys of revolver shots and stones, to which the soldiers replied with volleys from their rifles. Rioters and troops suffered heavily. Seventy-three persons were wounded and several were killed.

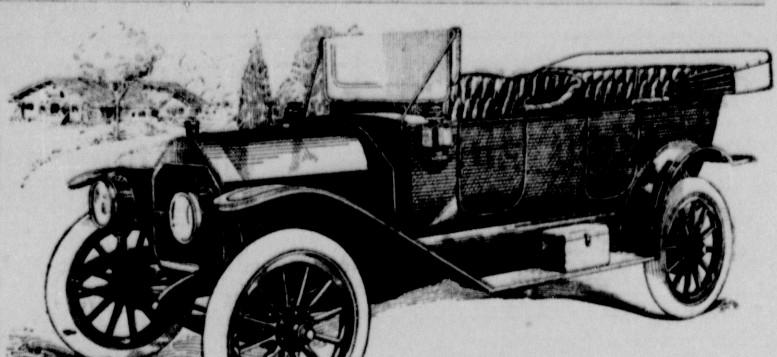

The rioters, most of whom are trained soldiers and adepts at taking cover, fired from behind barricades.

The rioting still continues in several of the outer sections of the city, despite the fact that a meeting of strikers, held at noon, adopted a resolution in favor of a general return to work. The labor leaders at the same time urged the men to avoid excesses.

A heavy guard is protecting the parliament building, near which there has been much rioting.

The strike, which was called as a protest against the election of Count Eissa as speaker of the lower house of parliament, was at first intended merely as a demonstration in favor of universal suffrage, of which Count Eissa is a determined opponent. A demand for the extension of the suffrage has been sent to Emperor Francis Joseph.

Lebanon Junction, Ky., May 25.—The business section of Lebanon Junction was practically destroyed by fire, which swept the length of the town's main street. Thirteen business buildings and three residences were consumed, and the two general stores and hotel which remain were badly scorched. The damage will be approximately \$250,000.

NOT LIKELY TO AGREE

SMALL PROSPECT FOR A COMPROMISE IN WATER DEAL.

TEST WELLS SHOW GOOD

Success in Three Already Sunk and Fourth Well Started Saturday Morning.

A conference is being held this afternoon in Manager Roseberry's office between the members of the board of public works and President C. F. Street of the water company. Mr. Street arrived in the city Saturday noon and left on the evening Burlington train.

The conference was held for the purpose of seeing if both sides could get together on a compromise price for the water plant, as the board of public works think that the price now asked by the company is too high.

At press time this afternoon, they were still in conference and no agreement had been made.

The indications at present seem that there will be plenty of well water for the city on the Beal land which the city has an option on and where they have been digging wells. The third well was started Friday and was drilled to a depth of 36 feet, striking six feet of clear sand and gravel. The water immediately rose 12 feet and in a very short time was nearly up to the top of the well.

By striking the sand and gravel at a depth of thirty feet is a good indication that there is plenty of water near there. A fourth well was started nearby Saturday, to see to how great an extent the sand and gravel bed covered, and if this bed is struck, it looks encouraging for the city to get their water supply from these wells.

The board of public works which has charge of the work intends to make a complete test to find out if it is possible to supply the city with well water.

WILL HELP BUILD SILOS.

Missouri College of Agriculture to Lend Help to Farmers.

The College of Agriculture of the University of Missouri has perfected plans to help farmers build concrete silos. The chief difficulty which confronts the individual farmer who wants to build a concrete silo is the expense of the "forms" used in the construction. If several farmers join in making the forms it is less expensive. It costs still less to rent the forms. The College of Agriculture has made a limited number of these forms for building concrete silos and will rent them to farmers under the following conditions:

At least three farmers in a community must apply at one time.

The rental charge will be ten dollars each when there are three farmers, nine dollars each for five farmers, and eight dollars each when six or more silos are constructed in one community. The rental must be paid in advance.

The College will send a man free to help start the construction of the first silo, and will pay the freight on the forms.

If a group of farmers desire to construct their own forms, plans and specifications will be furnished under certain conditions. Under the latter plan the college will send a man when possible to help start the building of the first silo, provided his expenses are paid by the farmers.

Full information regarding this plan of co-operative silo building may be had by writing to the University of Missouri, Dairy Department, Columbia, Mo.

Diplomas Given Senior Class After Evening of Music and the Most Inspiring Lecture of Years.

Pupils From Thirteen Schools Took Part in the Program at the Empire Theater.

The high school commencement exercises were attended by a magnificent audience at the First M. E. Church Friday night, and the appearance of the class, "fifteen strong," was greeted by enthusiastic applause. The graduates looked fine in their gray caps and gowns, and the speaker of the evening, Dr. J. W. Hudson of the Missouri State University, wore his black cap and gown, and it was indeed a dignified looking company that was seated upon the platform.

The graduates looked fine in their gray caps and gowns, and the speaker of the evening, Dr. J. W. Hudson of the Missouri State University, wore his black cap and gown, and it was indeed a dignified looking company that was seated upon the platform.

The program was opened by music by Prof. Lawler's orchestra followed by solos, recitations, piano numbers, duet and quartette numbers by the graduates of the rural schools of the township.

County Superintendent Oakerson presented the diplomas to the graduates, there being 23. The graduates' names and the schools they are from follow:

Ireland school—Leta Babb, James Halasey, Cecil Lawson.

Sunrise—Myron H. Baker.

Bloomfield — Marvin Carmichael, Maudie Frede, Earl McClurg, Ida Mozingo.

Scudder—Joseph Carden.

ANNOUNCES CANDIDACY.

George Pat Wright a Candidate—Has Had a Brilliant Administration.

George Pat Wright today announces his candidacy for re-election to the office of prosecuting attorney. His present administration has been a decided success. The costs incurred to the county have been the minimum, while the number of convictions has

reached the maximum. His administration has been a busy one, more cases having been tried in circuit court than in any term of that office.

Yet a conviction has been secured in all but one case. Honesty in practice, integrity of purpose and absolute fairness both to the party charged and to society has characterized the work of the office. A judicious analysis of complaints made and a wise and careful institution of proceedings thereon is the cornerstone of criminal prosecutions. The almost universal conviction in the cases filed, show that Mr. Wright has been both judicious and wise in the disposition of complaints. More penitentiary sentences have been imposed during the portion of his term now expired than in any term of the office in years. In addition to his own time, energy and ability he has furnished the county, without one cent of cost to the taxpayers, the assistance, advice and counsel of one of the ablest and most popular attorneys at the bar, Mr. Marshall E. Ford. This is certainly commendable to Mr. Wright and a strong

reputation for his work in the office.

Charivaried the Pierces.

A number of friends of Mr. and Mrs. W. C. Pierce who returned Friday noon from a trip along the Pacific coast and in various points in the west, gave them an old-fashioned charivari. Mr. Pierce had told a number of his friends when he left on his trip that although he had been married for twenty-three years, this was his wedding trip as he and Mrs. Pierce had not had time before to go off on their honeymoon, so when they returned Friday, it was quietly arranged among their friends to welcome them home as is the way these days of new brides and grooms. The surprise was complete and Mr. Pierce was so visibly surprised that Charles Martin, one of the guests, was moved to pity and told him that he had intended to

visit his wife in the States. The Pierces are now back home again.

The Demons of the Swamp

Are mosquitoes. As they sting they put deadly malaria germs in the blood. Then follow the icy chills and the fits of fever. The appetite flies and the strength fails; also malaria often paves the way for deadly typhoid. But Electric Bitters kill and cast out the malaria germs from the blood; give you a fine appetite and renew your strength. "After long suffering," wrote William Fretwell of Lucama, N. C., "three bottles drove all the malaria from my system, and I've had good health ever since." Best for all stomach, liver and kidney ills. 50 cents at the Orear-Henry Drug Co.

ANNOUNCES CANDIDACY.

(Continued from Page 1) reason why he should be retained in that office, especially so, when every other office in the court house is a four year office while his is only a two year office. No reason can be assigned why that office should not be held for a period of four years by one who has made good.

The work of that office during Mr. Wright's administration has perhaps been more than doubled by reason of the Rasco case, which was tried both here and in the supreme court by Mr. Wright and his able assistant, Mr. Ford. Although the crime was committed a few weeks before his installation into office, Mr. Wright, realizing that the responsibility of the tremendous issues would devolve upon him, took immediate charge of the case, went direct to the scene of the crime, collected the evidence and in company with Deputy Sheriff George L. Evans procured from defendant's room articles of clothing which he insisted must be analyzed by a specialist. He was present at the preliminary hearing which was waived by defendant and assisted in the drafting of the informations that were filed. Realizing the importance of preventing a change of venue from the county, he canvassed the county collecting evidence and on the trial of that issue examined most of the state's witnesses developing the point on which the supreme court sustained Judge Ellison's refusal to grant the change of venue. He had personal charge of the trial and made the opening statement to the jury, of three hours and the closing argument covering more than four hours. No step was taken that he did not pass upon and no legal position advanced that he did not approve. When the verdict was rendered his official duties were ended, yet, with no other compensation than to serve the interests of society, he and Mr. Ford followed the case to the supreme court, spent weeks in preparing an abstract of the record and a brief of the case which were filed in the supreme court and on which the attorney general relented to sustain the case. When the case was tried in the supreme court on January 2nd, 1912, Mr. Wright, at his own expense, went to Jefferson City and argued the case on behalf of the state, the attorney general surrendering his time to Mr. Wright. The result is known to everyone.

One other thing should be mentioned concerning Mr. Wright's administration. For the first time in years Maryville is practically, if not entirely free from gambling. Since his installation in office this vice has been removed. Many persons, sustaining reputation as gamblers, who operated here for years are now enjoying the climate of distant states, while many have been convicted.

Mr. Wright will make a formidable candidate, and, if elected will give the county another judicious, honest and conscientious administration.

The Blues Win Championship.

The Tigers and Blues, not content with their contests in basketball during the winter have extended their rivalry to base ball. Two contests have preceded this one, in which each team won once, the first game going to the Blues by a 14 to 3 score, the second to the Tigers by an 11 to 5 count. It was agreed that one more contest was to settle the baseball championship of the high school between the two teams and the Blues won this last struggle by a 17 to 9 score. This was no more than fair since the Tigers carried off the basketball championship of the school. Yesterday's game was hard fought throughout and was considered a fair test of the abilities of the two teams. A feature of the game was the clouting of the ball by Leach, the second base man of the Blues, who got six hits out of seven times at the bat. The line-up of the game was as follows: The Blues: Miller, c.; Condon, p.; Willson, ss.; Murray, 1b.; Leech, 2b.; Lash, 3b.; Pickens, lf.; Sawyer, cf.; Garten, rf. The Tigers: Thompson, c.; David, p.; Scott, ss.; Miller, 1b.; Campbell, 2b.; Grawney, 3b.; Booth, lf.; Ford, cf.; Montgomery, rf.

Score: 17 to 9.

The Summer Session of the State Normal Training School will open Monday June 3, 1912 and continue six weeks, closing Friday, July 12. The excellent advantages and equipment of the school will be available for the instruction of the children who enroll. Applications for enrollment should be made not later than May 29th. NEWS OF SOCIETY AND WOMEN'S CLUBS

(Continued from page 1)

tell him about it that afternoon but he was so busy putting "de rosom on de string" that he didn't have time. Rev. W. J. Parvin made a nice little speech for the benefit of Mr. and Mrs. Pierce, and in response to the wishes of the company, he delivered the rites that bound them for forty more years of life together. After Rev. Parvin's speech, Judge W. C. Ellison felt moved to speak and suggested that since the minister was present and several seriously inclined couples were also present, that it would be proper and agreeable if several more wedding ceremonies would be solemnized at that hour, but as his suggestion was "so sudden" it is presumed that is the reason why no one responded. Those in the company were Rev. Parvin, Charles Martin, Judge Ellison, Mr. and Mrs. S. H. Kemp, Mr. and Mrs. W. H. Allen, Mr. and Mrs. E. H. Bainum, Mr. and Mrs. R. F. Hamblen, Mr. and Mrs. C. W. What Do You Want in an Automobile?

Answer.

The most essential things are

Strength, Durability and Dependability--

The feeling when you start out that you are coming back without trouble.

The next point to be considered is POWER. Come and try them out; we are from Missouri also.

The third is FINISH, QUALITY and APPEARANCE. Come and look them over carefully. Top, upholstering, finish, fenders, the powerful smooth running motor, general appearance, etc.

Compare them with other cars and be your own judge.

HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Follow'd Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cotherum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief."

A friend of mine advised me to try Cardul, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardul and were greatly benefited. I shall always praise Cardul to sick and suffering women."

Cardul is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old. Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardul has helped a million women back to health and strength.

Have you tried it? If not, please do. It may be just what you need.

Memorial Day Flowers

The beautiful custom of honoring those who laid down their lives in sacrifice to the principles for which they fought, and showing a tribute to our loved ones who have died, by covering their graves with flowers at least once a year is one of the most inspiring and poetic breaks in the busy life of our country and it is a credit that Memorial Day is observed with increasing interest each year. The proper observance of Memorial Day requires the right kind of flowers, such flowers as we have in profusion, loose or in appropriate Memorial Designs, etc. Each year we offer a better quality of flowers and our Memorial Day flowers are no exception. Our prices are very reasonable. Mail and phone orders receive prompt attention.

EXPECT DARROW WILL CONFESS

Negotiations for Plea of Guilty Said to be Under Way.

INFORMATION COMES FROM OTIS

Proprietor of Building Destroyed by Dynamite Declares Overtures Have Been Made to District Attorney.

Los Angeles, Cal., May 25.—Negotiations for Darrow to enter a plea of guilty and escape a penitentiary sentence on the charge of bribing a juror in the McNamara trial have been under way for some time. The trial of the famous labor lawyer is likely on any day to be terminated as abruptly and sensational as was that of his clients, J. J. and J. B. McNamara, dynamiters of the Los Angeles Times plant, who pleaded guilty and are now in prison.

Momentous consequences hang on Darrow's decision whether to continue the legal battle or surrender. The state is willing to grant Darrow immunity from prison sentence, but only on condition that he divulge everything he knows of the acts of himself and his clients.

Something Startling Expected.

It became known to a limited number of persons only a short time ago that Darrow was engaged in the preparation of his confession—a document that will, if ever given to the public, roll anew all the sediment of controversy that has been slowly settling from the shock of the McNamaras' plea of guilty. For Darrow's plea would be a moral plea in abatement, a defense, a condonation of the tactics which the state is prepared to prove were used by Darrow in his vain efforts to clear the men who resorted to violence and murder in behalf of labor.

Broke Each Appointment.

It has been persistently rumored for several weeks that appointments have been made for Darrow to tell his story to District Attorney Fredericks, and that the confession might be in the prosecutor's hands any day. Each appointment, it is understood, has been broken, because Darrow would not accede to the state's terms.

In explanation of this dithering it might be recalled that the surrender of the McNamaras proved a disappointment to the prosecution. The McNamaras were let off with light sentences with the understanding that the prisoners would assist the state in return for this leniency. To the chagrin of the authorities the McNamaras shut up like clams the moment their lives were shielded by the court's decree.

Otis Confirms Story.

Chicago, May 25.—Gen. Harrison Otis, publisher of the Los Angeles Times, said here that overtures had been made to the district attorney of Los Angeles county looking to a confession of Clarence S. Darrow to the charge of bribing a juror.

TOOK "JOY RIDE" WITH CONVICT

Arizona People Think Miss Kate Barnard Overdid Prison "Inquiry" at Florence.

Oklahoma City, May 25.—Reports received by state officials tell of severe criticisms in Arizona against Miss Kate Barnard, state commissioner of charities and corrections of Oklahoma, because she has spent about 30 days in the state prison at Florence, Ariz., making a study of prison conditions, said to be at the expense of the state, and because she went riding recently with a life term prisoner named Tyning. That Miss Barnard and the prisoner took a "joy ride" and ate ice cream together is the cause of indignation in that state.

Miss Barnard recently appeared before the Arizona legislature in behalf of measures for prison reform and relating to child labor. Her suggestions were not well received by some of the newspapers, one of which demanded that she return to her own state.

Miss Barnard has been absent from her office for a year.

SLAYER WAS HIS OWN HANGMAN

Wyoming Prisoner Sprung Trap by Pulling Plug From Pail of Water.

Rawlings, Wyo., May 25.—Springing his own death trap, Joseph S. En Seng paid the penalty for the murder of William Lloyd at the state prison here. His neck was not broken by the fall. It was nine minutes and 45 seconds before life was pronounced extinct. Seng went to the gallows with a smile on his lips as the black cap was drawn over his head. He stepped quickly up on the trap and released a plug from a bucket filled with water which, emptying, released the weight which threw the trap. The crime for which he paid the penalty was the result of a saloon row at Evanston.

Pupils Swat Flies.

Sedalia, Mo., May 25.—The campaign against flies was started in the public schools here under the auspices of the United Daughters of the Confederacy. Fifty prizes are offered to the children in the fly swatting contest.

Specifications and equipment same as Standard Model Touring Car except that wheelbase is 86 inches. The Roadsters are roomy, comfortable and exceptionally easy to handle in narrow roads.

"Twenty-Five"

Not the least of the features which have caused such favorable comment on the R-C-H is the attractive color scheme—distinctive, yet dignified; artistic, yet harmonious; rich but not garish.

The blending of red and black makes a combination as pleasing to the eye as are the easy-riding qualities of the car to the body.

Note what the R-C-H gives you in motor car value; see what you can get at a figure hundreds of dollars higher; and then decide whether the difference, if any, is worth the difference in price to you.

BRAZIL BACKS COFFEE TRUST

Attempt to Seize Stored Supply May Mean International Dispute.

RIGHTS OF U. S. IN QUESTION

Joseph Choate Fears Work of Diplomatic Corps for Past Fifty Years
May be Undone by Suit.

New York, May 25.—Questions of international magnitude came to the fore when the government proceeded with its newest move under the Sherman law, to break up the Brazilian coffee trust. The issue mainly resolved itself into the right of the United States to seize and sell \$10,000,000 worth of coffee, the property of a foreign state, because of an alleged illegal combine in control of the coffee market.

The coffee has been held up under temporary injunction against the New York Dock company, Herman Stielcken and others as parties to the conspiracy. The proceedings were arguments for and against making that injunction permanent.

A Judge Objects.

The solicitor general, Frederick W. Lehmann, who came from Washington to move for the permanent injunction, and United States District Attorney Henry A. Wise led the government's case. Joseph H. Choate made the principal argument on behalf of the defendants.

Judge LaCombe, in reply to a suggestion by Solicitor General Lehmann that appointment of a receiver to "break up the combine against lawful trade" was justified, said the proper way of procedure would be to compel "the unlawful combine" to take the coffee back, not to seize it and sell it here.

"I disagree with you," Lehmann answered. When the government of Sao Paulo (a Brazilian state) bought coffee and brought it here it became a coffee merchant and subject to our laws here."

Choate Urges Diplomacy.

Joseph H. Choate took up the argument on behalf of the defendants. "This Sao Paulo scheme was not intended as a combine to raise the price of coffee, but to protect its cultivation and its sale. They sold all that the trade was willing to take and there is no evidence that the trade was willing to take more."

"There is every ground for a diplomatic quarrel. If there is anything to be done it is against the government to which this coffee belongs. It is the duty of the government to put a stop to it. It has been the policy of this country to retain friendly relations with our South American republics. This judicial power might undo all that the diplomatic corps has succeeded in doing towards this friendliness in the last fifty years. Every ground of international law, every ground of national policy, demands this motion to be denied."

The motion was submitted on the oral arguments."

Brazil Objects.

Washington, D. C., May 25.—Brazil, through its ambassador here, has indicated to the state department that it will regard the prosecution of the coffee trust as an unfriendly act against which it will enter the most vigorous protest.

ANARCHISTS SEEK TAFT'S LIFE

Convicted Blackmailer at Pittsburgh Tells Officers of Plot—Men Selected for the Work.

Pittsburgh, Pa., May 25.—What is considered a plot to assassinate President Taft was unearthed here. William Pastorius, said to be of a prominent family was convicted here last Wednesday on the charge of having sent a bomb to Alexander R. Peacock, a multi-millionaire.

Pastorius has betrayed some of his anarchistic friends. He declared that the president is marked for death, and that two men, one from Liverpool, and the other from Rome, have been commissioned to assassinate the chief executive within the next week or two.

He is highly educated, having formerly been a student at the University of Heidelberg and the University of Budapest.

Diplomats to Chicago.

Chicago, May 25.—Officials of every important country will, it is expected occupy seats on the platform as guests of honor at the Republican national convention. Applications for seats have already been received from Count Bernstorff, German ambassador and James Bryce, ambassador from Great Britain, and requests are expected from the diplomatic representatives of other countries.

Kentucky Town Burned.

Lebanon Junction, Ky., May 25.—The business section of Lebanon Junction was practically destroyed by fire, which swept the length of the town's main street. Thirteen business buildings and three residences were consumed, and the two general stores and hotel which remain were badly scorched. The damage will be approximately \$250,000.

WIND DAMAGES KANSAS TOWNS

Hurricane Strikes Ottawa, Wichita and Osage City.

ELECTRIC PLANT IS DISABLED

Heavy Property Damage is reported and Several People Injured—Wichita Phones Burned Out.

Ottawa, Kan., May 25.—One thousand trees were uprooted, several residences damaged, many barns demolished and two men are known to have been hurt badly by a hurricane that blew through Ottawa for 20 minutes at 2:20 o'clock in the afternoon. Nearly two inches of rain fell during the storm.

While running from his barn, five miles east of Ottawa, L. H. Perkins was struck by flying timbers as the barn building went to pieces. Mr. Perkins was fleeing to a dugout. His young son made the place of refuge in time. The father was 150 feet from the barn when struck down. Several ribs were broken and he was injured internally. His residence was ruined.

James Keaser, in the same neighborhood, ran to his barn for safety when he saw the storm coming. He reached the door as the wind hit it full force. The door slammed against him, hitting his head. It is believed he will recover.

Killed Stock in Country.

Southwest of Ottawa the villages of Homewood, Ransonville and Williamsburg report heavy damage to farm buildings, mostly barns, silos and windmills. Some stock was killed in barns. Only one telephone wire is working.

In Ottawa window lights in the stores were blown in and roofs damaged. The wire fence factory roof was blown away. The electric light and power plant was put out of commission for four hours because of crossed wires.

Half Did Much Damage.

Wichita, Kan., May 25.—A severe half, electric and rainstorm visited this section of the Arkansas river valley. Lightning burned out many telephones, shocked several persons and killed one horse. Tornadoes are believed to have swept the country south and east of Wichita. Wires are down.

More than an inch of rain fell in Wichita in several driving showers, with a half storm, that did considerable damage to greenhouses, truck farms and skylights. One barn was struck by lightning and burned.

At Osage City store fronts were broken in, windows shattered, stores flooded, many chimneys blown over and roofs damaged or carried away entirely. At Lyndon and in the country nearby, great damage was done.

Another Trust Case Fizzles.

Cleveland, O., May 25.—A verdict of not guilty was returned in the federal court for the eight wall paper manufacturers and jobbers who were tried for alleged violation of the Sherman law in conspiring in restraint of trade in the conduct of their business.

MOB IGNORED LEADERS' ORDERS TO RESUME WORK.

Seventy-Three Wounded and Many Killed in Clash With Troops on Streets of City.

Budapest, May 25.—Fierce fighting broke out again in the streets. The strikers fought the police, who were aided by a large force of troops.

A big mob disobeyed their leaders' orders to return to work and again began wrecking tactics, overturning street cars and breaking display windows of stores on the principal streets.

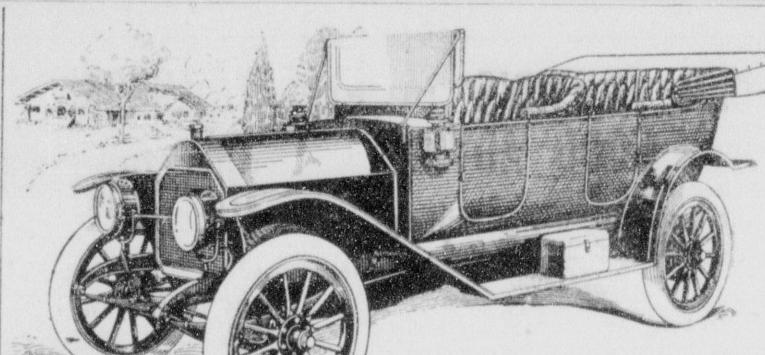

They next made a fierce attack on the Calvary church, afterwards proceeding to Neuschloss, where they set fire to a factory, feeding the flames with petroleum. The rioters beat off the firemen.

Troops were ordered out and that was the signal for several volleys of revolver shots and stones, to which the soldiers replied with volleys from their rifles. Rioters and troops suffered heavily. Seventy-three persons were wounded and several were killed.

The rioters, most of whom are trained soldiers and adepts at taking cover, fired from behind barricades. The rioting still continues in several of the outer sections of the city, despite the fact that a meeting of strikers, held at noon, adopted a resolution in favor of a general return to work. The labor leaders at the same time urged the men to avoid excesses.

A heavy guard is protecting the parliament building, near which there has been much rioting.

The strike, which was called as a protest against the election of Count Tisza as speaker of the lower house of parliament, was at first intended merely as a demonstration in favor of universal suffrage, of which Count Tisza is a determined opponent. A demand for the extension of the suffrage has been sent to Emperor Francis Joseph.
